## ChatGPT

As you approach the right turn, you'll want to navigate around the large tree standing guard at the corner. Just past that, there's a red stop sign indicating the point where you should make your turn. Turn right there, and you'll find yourself heading down a street lined with more trees and benches, continuing the peaceful, leafy vibe of the neighborhood. Keep an eye out for the pedestrian crossing just as you make the turn, ensuring it's clear before proceeding. Safe travels!

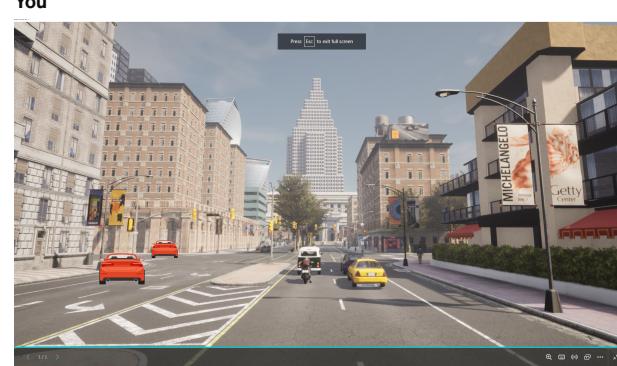

## You

can you say in one sentence?

## ChatGPT

Make a right turn at the red stop sign just beyond the large tree on the corner, watching for the pedestrian crossing as you do so.

## You

what about this image? can user where to turn left.

## ChatGPT

Turn left at the intersection where the yellow taxi is currently crossing, just before the pedestrian walkway.

## You

what about this image? tell user where to turn right.

## ChatGPT

Turn right at the next intersection where you see a series of red cars; it's just after the Getty Center banner on the building to your right.

## You

there are many red cars. Can you be more specific?

## ChatGPT

Turn right just before the first red car that's parked on the side of the road, near the corner with the large beige building that has the "Michelangelo" banner hanging on its side.
